ABOUT ALLEGiant

ALLEGiant owns 100% of 12 highly-prospective drill-ready gold projects in the United States, 9 of which are located in the mining-friendly jurisdiction of Nevada. ALLEGiant is one of the most active explorers in the gold sector; four projects with "discovery potential" have been drilled since August 2018, and several more may be drilled in 2019. ALLEGiant's flagship Eastside project hosts a large and expanding gold resource, is district scale, and is located in an area of excellent infrastructure. Preliminary metallurgical testing indicates that both oxide and sulphide gold mineralization at Eastside is amenable to heap leaching.

ON BEHALF OF THE BOARD,
